(Signature)			

Q1:   What is the Districts preference for the PM, a Traffic Engineer or Planner?
       Response: The District does not have a preference for the project manager between a traffic engineer or planner. The project manager should have strong project management skills and assign the key personnel for the successful completion of the required tasks.

Q2:   What are the experience requirements for the person to be dedicated 40 hours/week with 24 hours on site?
       Response: The onsite person will be performing a bulk of the design work and should have strong experience in CAD design, preferably MicroStation. Traffic analysis capabilities are a bonus, but not a requirement for this position.
