Re: Installation of All-Way Stop at Intersection of Bates Street and 1st Street NW

Dear Chairperson Thomas:

Pursuant to the “Administrative Procedure Amendment Act of 2000” D.C. LAW 13-249 (48 DCMR 3491 April 20, 2001), the District Department of Transportation (DDOT) is required to give a written notice of our intent to modify traffic and/or parking requirements. This letter is being forwarded to you for the purpose of notification and solicitation of comments on our intent to implement the following modifications in your jurisdiction.

- **Installation of All-Way Stop at the Intersection of Bates Street and 1st Street NW**

Currently, the one-way stop control intersection of Bates Street and 1st Street NW, is controlled by stop sign on the Bates Street NW Westbound approach. Based on safety concerns expressed by the community, DDOT has made **an independent determination** to upgrade the one-way stop control to a multi-way stop control, whereby all approaches are required to stop at the intersection.

Figure 1 illustrates proposed signs and pavement markings to be installed or refurbished as part of the intersection improvements.
