NOI 23- 001-IPMA

Re: Removal of Parking on Otis Place NW between New Hampshire Avenue NW and Georgia Avenue NW

Dear Chairperson Footer:

Pursuant to the “Administrative Procedure Amendment Act of 2000” D.C. LAW 13-249 (48 DCR 3491 April 20, 2001), the District Department of Transportation (DDOT) is required to give a written notice of our intent to modify traffic and/or parking requirements. This letter is being forwarded to you for the purpose of notification and solicitation of comments on our intent to implement the following in your jurisdiction.

- Remove approximately three (3) parking spaces along the Southern side of Otis Place NW in front of house addresses of 834, 832, 830, 826 Otis Place NW.

The intention of the proposed change is to reduce the impact of stormwater runoff into nearby streams, reduce the impact of weather extremes, and to improve the air quality for the users of Otis Place NW. Presently, there is a 5-foot gap between the edge of alley on the west side of 800 block Otis Place NW. The proposed changes would decrease the amount of Zone 1 Resident permit parking only for the implementation of three (3) Tree Bump Outs and would increase the parking box dimension from 5 feet to 10 feet to better facilitate turning operations for trash trucks departing the alley west bound on Otis Place NW. This would eliminate approximately three (3) parking spaces along the block.

DDOT presented results of the intersection studies along the New Hampshire Avenue corridor to improve and provide safer pedestrian crossings and vehicular movements. The site

improvements are in the form of curb and gutter implementation with tree and groundcover plantings, updated signs, and new crosswalk paint.

Figure 1 shows the location of the proposed changes and the markings to be installed.

DDOT will review and evaluate comments and anticipates initiating implementation of the abovementioned modifications starting at the end of the thirty business days, pending weather conditions.
